

Continuation of Statement / Interview *J. King*

thinking of moving house, in order to avoid McArthur. He has really turned my life upside down of late, so much so that I have not opened my shop for about three weeks, for fear of him entering and causing trouble. I think he should be arrested and dealt with severely for the distress he has caused, not only to George and I but also to my daughter Sophie KING 15yrs.

I will assist the Police in their enquiries. *J. King*
